

# CAUANA

DJ SET

Oscillating, mystic, iridescent, deep. The atmosphere build by Cauana on the dancefloor is always unpredictable, with a skills that goes beyond the rhythm and melodic manipulation. Her musical energy is able to transport you in interns and intenses paths, subtles and secret, expressives and free, through convinced fusions of jazz, soul, house, breakbeat, downtempo and a lot of percussion.

Cauana started playing in 2011, when ingressed on IME studio, São Paulo. Has already participated in parties such as TribalTech, Gop Tun, Troop, Neue, Sonido Trópico, Subtropikal, Selvagem and Xama.
